## Memorandum of Understanding

between

P.Rami Reddy Memorial College of Pharmacy  
and

SRG Pharma

This Memorandum of Understanding (MOU) is entered into on this 26/12/22 day of 26/12/23, by and between P.Rami Reddy Memorial College of Pharmacy, and SRG PHARMA. Dr. S. Nelson Kumar (Principal) of P.Rami Reddy Memorial College of Pharmacy, and Deepthi Agarwal (Managing Director) SRG PHARMA agree that cooperation in research collaborations and student and faculty exchanges would be mutually beneficial. The areas of cooperation may include, subject to mutual consent, any desirable and feasible activity that would further the goals of each institution. Such interaction may include cooperation in a variety of joint academic and educational activities such as:

- Joint research projects and publications, including work by undergraduate, graduate, and post-doctoral students at the partner institutions;
- Dual degree programs;
- Faculty and student exchanges based on reciprocity;
- Reciprocal placement of students in paid internships and co-ops, when possible;
- Joint conferences and workshops;
- Team taught courses, including online courses; and
- Visits by faculty, professional staff, and students.

The parties anticipate that a number of these initiatives will occur during the period of this MOU. However, neither party is obligated to agree to any minimum number of activities, nor is this MOU intended to preclude either party from entering into similar agreements with other institutions.

The following initiatives provide good starting places and can be implemented as soon as administrative details are agreed upon between the two institutions:

- Summer joint electives;
- Summer undergraduate experiences;
- Faculty and student exchanges and opportunities for paid internships;
- Dual degree programs;
- Cooperation in academic and research programs to include, but not limited to, sustainability and biomedical sciences and engineering (see appendix 1),

This MOU shall be identified as the parent document of any program agreement executed between the parties. Further agreements concerning any program shall provide details concerning the specific commitments made by each party and shall not become effective until they have been reduced to writing, executed by the duly authorized representatives of the parties.

#### Cooperation in Education and Research

Hyderabad, Telangana - 500 081.

In order to facilitate student exchanges between SRG Pharma and P. Rami Reddy Memorial College of Pharmacy, the following section provides general procedural information under which the exchange of students between the two institutions will take place. Specific procedures, requirements and duties of the parties in connection with student exchanges shall be set forth in a separate written program agreement to be executed by the parties.

Cooperation and exchanges may take place with undergraduate, graduate, or post-doctoral students. Each exchange may be for the duration of one academic year, one academic semester, or one intensive course, normally three or four weeks in length, scheduled either between academic terms or during the summer.

Whenever possible, courses will be team taught by one faculty member from SRG Pharma and one faculty member from P. Rami Reddy Memorial College of Pharmacy. Courses may be taught at P. Rami Reddy Memorial College of Pharmacy, at, or concurrently at both campuses through online capabilities.

Students may engage in paid co-op or paid internship opportunities through placements by the host institution, providing they meet the legal criteria of the host country.

[Note: International students studying in the United States must comply with U.S. immigration regulations. Typically, U.S. Immigration law requires that an international student maintain full-time status, prohibits them from taking more than one on-line course per semester, and imposes restrictions on off-campus employment. More flexibility is granted to graduate students visiting the U.S. for the purpose of research towards the completion of a thesis/dissertation in their home countries. International students studying in the United States will be required to purchase health insurance to meet certain standards such as medical evacuation and repatriation of remains.]

If two faculty members from each institution are engaged in collaborative research projects, doctoral students at one institution may visit and work in the lab of the faculty member at the other institution and incorporate the work done as part of their dissertation research. When connected to funded research projects, the host institution will endeavor to provide a stipend for the visiting doctoral student.

**Responsibilities of home institution for academic semester or academic year exchanges:**

**The home institution will:**

- Register its own students for the duration of the exchange.
- Submit to the host institution the names and academic credentials of students who would like to participate in an exchange.
- Provide the host institution with names of courses that are essential to their own students' curricular plan.
- Ask the student to advise the host institution of any circumstances that may affect his or her year abroad (e.g., medical condition, disability status).
- Advise its students about academic and cultural expectations at the host institution.

Responsibilities of the host institution for academic semester or academic year exchanges:

The host institution will:

- Be responsible for admission decisions of students recommended by the home institution.
- Provide an orientation program for incoming students.
- Endeavor to ensure that students are admitted to courses regarded as essential to their academic programs at their home institutions.
- Assign an academic advisor to all incoming students.
- Assist the incoming student in securing housing.
- Inform the incoming student of health insurance requirements.
- Provide the home institution with a final transcript of the student's academic performance.

Short intensive courses:

Short intensive courses, offered during the summer or between semesters, will be taught by a faculty member from either P.Rami Reddy Memorial College of Pharmacy. Students will pay a flat fee to their home institutions for the course and that fee will include:

- Airfare to and from the host country;
- Transportation within the host country;
- Accommodation in the host country;
- Any additional fees charged by the host institution.

107, Mint Towers, Madhapur,  
Hyderabad, Telangana - 500 081.

The total cost of each course will differ according to the location of the host country and the nature of the course being taught.

Students will bear the cost of:

- Their own health insurance and any medical bills or non-mandatory fees;
- Food, living expenses, and any other costs relating to the exchange;
- Books and necessary academic supplies necessary for the course.

The number of credit hours each student will earn will depend on the nature and length of the course and by the department/faculty offering the course.

The primary contacts for this MOU are for SRG Pharma and Provost for P. Rami Reddy Memorial College of Pharmacy. As previously noted, the parties shall enter into specific written agreements whenever appropriate to clarify and define the nature, extent, and terms of operation for the proposed collaborations, including intellectual property ownership and funding issues. Any agreement entered into by these two institutions will require the approval of appropriate officers from each institution. All agreements and activities covered under this MOU or entered into by the parties must comply with all applicable laws and regulations, including all U.S. and India export control laws and regulations.

- For agreed upon activities, both institutions will make available their facilities and staffs. This MOU will take effect on and will be valid for one (1) year from the date noted in the first line of this document unless terminated by one of the parties. Either party may withdraw from this MOU provided written notification of the withdrawal is given to the other party at least three (3) months prior to the desired withdrawal date. This MOU may be renewed for another period of one (1) year upon mutual written consent of the parties before the expiration date. Each institution will have copies of this agreement.

## ABOUT FACULTY DEVELOPMENT PROGRAM

An FDP on Artificial Intelligence (AI) - Based Pharmacovigilance Detecting Adverse Drug Reactions is a training program for faculty members, researchers, to learn about the latest advances in using AI to detect adverse drug reactions (ADRs).

The benefits of attending this FDP is to

- Learn about the latest advances in using AI to detect ADRs
- Gain hands-on experience with AI-based pharmacovigilance tools
- Network with other experts in the field and learn from their experiences
- Develop the skills and knowledge necessary to conduct research or teach on AI-based pharmacovigilance

## **PROGRAMME REPORT**

**Name of the Programme:** A Five days Faculty Development Program on “A Five days Faculty Development Program on Artificial Intelligence (AI) - Based Pharmacovigilance Detecting Adverse Drug Reactions”.

**Date:** 01.03.2023 to 05.03.2023

### **Objectives of the Programme:**

P.Rami Reddy Memorial College of Pharmacy had successfully organized A Five days Faculty Development Program on “**Artificial Intelligence (AI) - Based Pharmacovigilance Detecting Adverse Drug Reactions**” in association with Sree Saraswathi Educational Society. The main objective of the FDP Artificial Intelligence (AI) - Based Pharmacovigilance Detecting Adverse Drug Reactions is to use AI to identify and monitor adverse drug reactions (ADRs) more effectively than traditional methods.

### **Topics Covered:**

- Introduction to AI and machine learning.
- Data mining techniques for pharmacovigilance.
- Applications of AI in pharmacovigilance.
- Challenges and opportunities of AI in pharmacovigilance.
- Case studies with real-world examples of how AI has been used in pharmacovigilance.

**Outcome of the Programme:** An open feedback was collected from the faculty members and they convey that the program was extremely helpful for covering the topics about the importance of Artificial Intelligence (AI) in Pharmacovigilance for detecting adverse drug reactions. Overall, the programme can be a valuable asset for participants who want to pursue a career in AI in pharmacovigilance. The program will provide participants with the knowledge, skills, and understanding they need to succeed in this field.

### VISION

To provide quality and evidence based educational approaches in order to enable students face emerging challenges in the profession of pharmacy.

### MISSION

To inculcate professional competence by providing students with the best possible curricular facilities in order to contribute to the health of local and Global communities.

### ABOUT THE COLLEGE

P. Rami Reddy Memorial College of Pharmacy was established in the year 1997 by Sree Saraswathi Educational Society at Kadapa. Our college is one of the premier institute in pharmaceutical education and research in the country. To encourage the talent from the rural areas we started the first pharmacy college as P. Rami Reddy Memorial College of Pharmacy in Rayalaseema region of Andhra Pradesh.

The B.Pharmacy course was started in the year 1997 with 60 admissions and raised the intake to 100 in 2014. Pharm.D and Pharm.D (PB) courses were introduced in the year 2008 and 2009 respectively. The M.Pharmacy course was started with Pharmacology (2010), Pharmaceutics (2010), Pharmaceutical Analysis (2011) and Pharmacognosy (2011).

## Objectives of the FDP

The main objective of the FDP is to identify the emerging challenges and opportunities for pharmaceutical innovation and to explore potential solutions to these challenges and opportunities and to develop a roadmap for future research and development in pharmaceutical innovation.

## ABOUT FACULTY DEVELOPMENT PROGRAM

An FDP on Emerging Challenges and Opportunities for the Pharmaceutical Innovation is a training program for faculty members, researchers, to learn about the latest trends and challenges in pharmaceutical innovation, as well as the opportunities that these trends present.

The program typically covers :

- The changing landscape of the pharmaceutical industry
- New technologies and approaches to drug discovery and development
- Emerging challenges in pharmaceutical innovation, such as antimicrobial resistance and personalized medicine
- Opportunities for innovation in the pharmaceutical industry, such as gene editing and digital health

## WHO SHOULD ATTEND

The FDP is open for the Faculty members, Research Scholars and Industrialists to enhance the quality of research in Pharmaceutical and interdisciplinary subject areas.

## REGISTRATION FREE Registration

## CERTIFICATE ELIGIBILITY

Certificate will be provided to all participants who actively participate on all days of the FDP.

## **PROGRAMME REPORT**

**Name of the Programme:** A Six days Faculty Development Program on "Emerging Challenges and Opportunities for the Pharmaceutical Innovation".

**Date:** 17.10.2022 to 22.10.2022

### **Objectives of the Programme:**

P.Rami Reddy Memorial College of Pharmacy had successfully organized A Five days Faculty Development Program on "**Emerging Challenges and Opportunities for the Pharmaceutical Innovation**" in association with Sree Saraswathi Educational Society. The main objective of the FDP is to identify the emerging challenges and opportunities for pharmaceutical innovation and to explore potential solutions to these challenges and opportunities and to develop a roadmap for future research and development in pharmaceutical innovation.

### **Topics Covered:**

- The development of new drug delivery systems.
- The rise of personalized medicine with the potential to revolutionize the way we treat diseases by developing drugs and treatments that are tailored to the individual patient's genetic makeup.
- The use of artificial intelligence in drug discovery.
- The regulatory challenges of pharmaceutical innovation.
- The ethical and social implications of pharmaceutical innovation.

**Outcome of the Programme:** An open feedback was collected from the faculty members and they convey that the program was extremely helpful for developing their professional skills and knowledge. Overall this FDP proved to be beneficial for the participants in every aspect by increasing knowledge and understanding of the emerging challenges and opportunities for pharmaceutical innovation. The program helped participants to acquire new knowledge and

### VISION

To provide quality and evidence based educational approaches in order to enable students face emerging challenges in the profession of pharmacy.

### MISSION

To inculcate professional competence by providing students with the best possible curricular facilities in order to contribute to the health of local and Global communities.

### ABOUT THE COLLEGE

P. Rami Reddy Memorial College of Pharmacy was established in the year 1997 by Sree Saraswathi Educational Society at Kadapa. Our college is one of the premier institute in pharmaceutical education and research in the country. To encourage the talent from the rural areas we started the first pharmacy college as P. Rami Reddy Memorial College of Pharmacy in Rayalaseema region of Andhra Pradesh. The B.Pharmacy course was started in the year 1997 with 60 admissions and raised the intake to 100 in 2014. Pharm.D and Pharm.D (PB) courses were introduced in the year 2008 and 2009 respectively. The M.Pharmacy course was started with Pharmacology (2010), Pharmaceuticals (2010), Pharmaceutical Analysis (2011) and Pharmacognosy (2011).

### **ABOUT FACULTY DEVELOPMENT PROGRAM**

The scope of the Faculty Development Programme is to cover all stages of the innovation & entrepreneurship continuum, in accordance with the existing National Innovation and Start-up Policies potentially in view of the prevailing therapeutic/clinical needs in the pharmaceutical sector. The scope of the FDP is to promote, educate and support staff members for potential careers at the convergence of basic and translational research, cutting-edge therapeutic delivery, science and emerging medical device technologies. Further, this will foster the development of career paths that incorporate new analytical or technological tools, including medical devices for staff members.

## **PROGRAMME REPORT**

**Name of the Programme:** A Six days Faculty Development Program on “Emerging Trends in Pharmaceutical Analytical Techniques”

**Date:** 13.06.2022 to 18.06.2022

### **Objectives of the Programme:**

P.Rami Reddy Memorial College of Pharmacy had successfully organized A Six days Faculty Development Program on “Emerging Trends in Pharmaceutical Analytical Techniques” in association with Sree Saraswathi Educational Society. The main objective of the program is to ignite the research interest among the faculties through expert opinions in the area of Special Characterization of Pharmaceutical Substances, Interpretation of Mass Spectra, and Advances in NMR Spectroscopy, Analytical method verification, validation and transfer.

### **Topics Covered:**

- Special Characterization of Pharmaceutical Substances.
- Interpretation of Mass Spectra.
- Advances in NMR Spectroscopy including <sup>13</sup>C- NMR and 2D-NMR techniques.
- Problem Solving including Spectral Data Interpretation.
- Analytical method verification, validation and transfer.

**Outcome of the Programme:** An open feedback was collected from the faculty members and they convey that the program was extremely helpful for covering the topics related to the information which is useful for the research work, characterization of pharmaceutical substances including method verification, validation and transfer.
