#### Vision:

To provide quality and evidence based educational approaches in order to enable students face emerging challenges in the profession of pharmacy

#### Mission:

To inculcate professional competence by providing students with the best possible curricular facilities in order to contribute to the health of local and Global communities.

#### ABOUT THE COLLEGE

P. Rami Reddy Memorial College of Pharmacy was established in the year 1997 by Sree Saraswathi Educational Society at Kadapa. Our college is one of the premier institute in pharmaceutical education and research in the country. Vibrant infrastructures, friendly management, supportive faculty are the sources of PRRMCP's success. The course programme and campus life aims to extract hidden talent in student community both in academics and extracurricular activities.

Students of PRRMCP are accorded a high quality of university education and the institution is fully responsive to contribute 21st century pharmacists for managing drug therapy outcomes and to meet challenges as future practitioners. Our college graduates are placed in various pharmaceutical industries & Companies in India and abroad

**Objective of the programme:**

The objective of our seminar on research in bioanalytical techniques for pharmacokinetic studies is to foster a collaborative platform for experts, researchers, and enthusiasts in the field. Through insightful presentations and discussions, we aim to facilitate the exchange of knowledge, recent advancements, and innovative methodologies pertaining to the vital intersection of bioanalysis and pharmacokinetics. Our goal is to empower attendees with a deeper understanding of cutting-edge techniques, emerging trends, and practical applications, ultimately contributing to the enhancement of pharmaceutical research and drug development.

**Topics Covered:**

- Introduction to Pharmacokinetics
- Bioanalytical Techniques
- Sample Collection and Preparation
- Pharmacokinetic Modeling
- Bioavailability and Bioequivalence Studies
- Drug-Drug Interactions
- Future Trends and Challenge
