## VISION

To provide quality and evidence based educational approaches in order to enable students face emerging challenges in the profession of pharmacy.

## MISSION

To inculcate professional competence by providing students with the best possible curricular facilities in order to contribute to the health of local and Global

## ABOUT THE COLLEGE

P. Rami Reddy Memorial College of Pharmacy was established in the year 1997 by Sree Saraswathi Educational Society at Kadapa. Our college is one of the premier institute in pharmaceutical education and research in the country. To encourage the talent from the rural areas we started the first pharmacy college as P. Rami Reddy Memorial College of Pharmacy in Rayalaseema region of Andhra Pradesh.

The B.Pharmacy course was started in the year 1997 with 60 admissions and raised the intake to 100 in 2014. Pharm.D and Pharm.D (PB) courses were introduced in the year 2008 and 2009 respectively. The M.Pharmacy course was started with Pharmacology (2010), Pharmaceutics (2010), Pharmaceutical Analysis (2011) and Pharmacognosy (2011).

**P.RAMI REDDY MEMORIAL  
COLLEGE OF PHARMACY  
Utukur, Kadapa – 516 003  
A.P.**

**Sponsored by  
Sree Saraswathi Educational Society**

### **OBJECTIVE OF THE FDP**

The main objective of the program is Nano medicine based on natural products in preclinical models of various diseases.

### **WHO SHOULD ATTEND**

The FDP is open for the Faculty members, Research Scholars and Industrialists to enhance the quality of research in Pharmaceutical and interdisciplinary subject areas.

### **REGISTRATION FREE Registration**

### **CERTIFICATE ELIGIBILITY**

Certificate will be provided to all participants who actively participate on all days of the FDP.

### **ABOUT FACULTY DEVELOPMENT PROGRAM**

The scope of the Faculty Development Programme is to cover Nanoparticles used in targeted drug delivery to improve the bioavailability, biodistribution, and accumulation of therapeutics, preferentially in the targeted diseased area, acting as stability enhancers. The FDP is to promote, educate and support faculty members for potential careers at the convergence of basic and translational research, cutting-edge therapeutic delivery, science and emerging medical device technologies. Further, this will foster the development of career paths that incorporate new analytical or technological tools, including medical devices for faculty members.

## PROGRAMME REPORT

**Name of the Programme:** A Five days Faculty Development Program on "Recent development of Nano medicine with targeted natural products".

**Date:** 02.03.2020 to 06.03.2020

### **Objectives of the Programme:**

P.Rami Reddy Memorial College of Pharmacy had successfully organized A 6 days Faculty Development Program on "Recent development of Nano medicine with targeted Natural products" in association with Sree Saraswathi Educational Society. The main objective of the program is Nano medicine based on natural products in preclinical models of various diseases. The inherent defects of natural products in physiological media such as poor solubility and stability and short biological half-life limit their clinical application.

### **Topics Covered:**

- Introduction to nano medicine with targated natural products
- Historical review of drugs derived from natural products
- Nano strategy of drugs from natural products
- Application of nano drugs derived from natural products

**Outcome of the Programme:** This FDP about nano medicine with targated natural products. Application of nanotechnology in drug delivery has had a positive impact on the treatment of a variety of human diseases used to treat cancer, Diabetes mellities, neurodegenerative disease like alzheimer's disease, Parkinson's disease, to treat cardio vascular disease. Nanodrugs containing paclitaxel, camptothecin, curcumin, or resveratrol have been on the market or are used in clinical research, showing very promising results. Some polysaccharide natural products show nice pharmacological activities and can be used as excellent nano carrier materials, which highlight the advantages and potential of natural products in the nano drug field

COLLEGE OF PHARMACY**

**A Six days Faculty  
Development Program on  
“Drug Delivery: Current  
Research in Drug Target  
Identification and Drug  
Delivery”**

**(16.12.2019 to 21.12.2019)**

**FDP Convenor  
Mrs. S. Kalpana**

**Organized By  
P.RAMI REDDY MEMORIAL  
COLLEGE OF PHARMACY  
Utukur, Kadapa - 516 003  
A.P.**

## Objective of the FDP

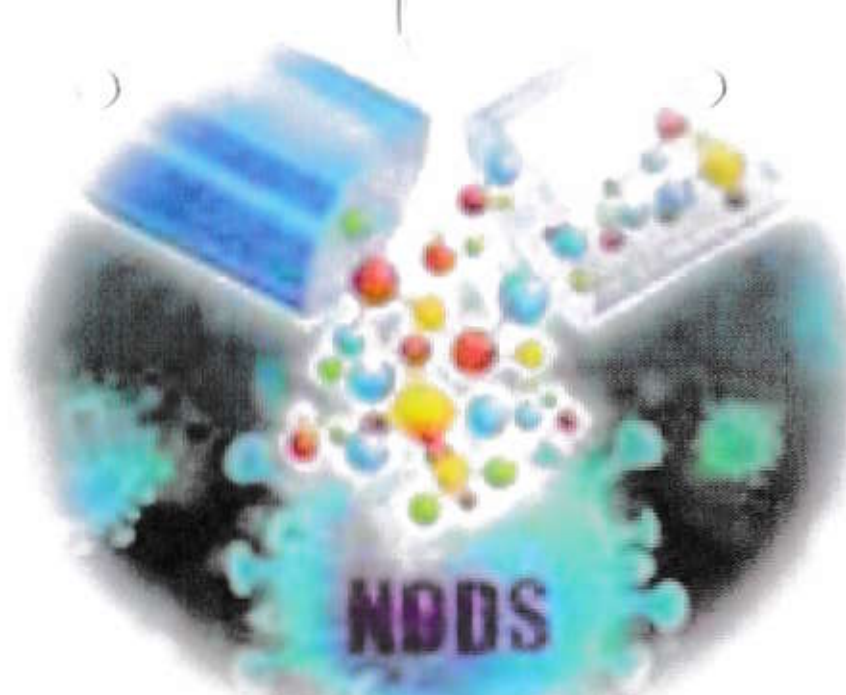

The main objective of the program is to ignite the research interest among the faculties through expert opinions in the platform to learn the tools and techniques needed for the designing novel drug delivery system and drug Target identification.

## WHO SHOULD ATTEND

The FDP is open for the Faculty members, Research Scholars and Industrialists to enhance the quality of research in Pharmaceutical and interdisciplinary subject areas.

**REGISTRATION**  
FREE Registration.

**CERTIFICATE ELIGIBILITY**  
Certificate will be provided to all participants who actively participate on all days of the FDP.

## ABOUT FACULTY DEVELOPMENT PROGRAM

The scope of the FDP is to promote, educate and support faculty members for potential careers at the convergence of basic and translational research, cutting-edge therapeutic delivery, science and emerging medical device technologies. Further, this will foster the development of career paths that incorporate new Current Progress in Drug Target Identification and Drug Delivery and Drug Targets Identification and Drug Screening. And also target identification approaches in Drug Discovery and also covers recent Advances in Parenteral Drug Delivery Systems and Technology which helps to enhance the knowledge of participants.

## PROGRAMME REPORT

**Name of the Programme:** A Six days Faculty Development Program on “**Drug Delivery: Current Research in Drug Target Identification and Drug Delivery**”

**Date:** 16.12.2019 to 21.12.2019

### **Objectives of the Programme:**

P.Rami Reddy Memorial College of Pharmacy had successfully organized A Six days Faculty Development Program on “**Drug Delivery: Current Research in Drug Target Identification and Drug Delivery**” in association with Sree Saraswathi Educational Society. The main objective of the program is to ignite the research interest among the faculties through expert opinions in the platform to learn the tools and techniques needed for the designing novel drug delivery system.

### **Topics Covered:**

- Current Progress in Drug Target Identification and Drug Delivery
- Drug Targets Identification and Drug Screening
- Target-based approach, comprising drug target identification and screening of drug candidates.
- Target identification approaches in Drug Discovery
- Recent Advances in Parenteral Drug Delivery Systems and Technology

### **Outcome of the Programme:**

An open feedback was collected from the faculty members and they convey that the program was extremely helpful for covering the topics related to the information which is useful to identify drug targets, target based approaches and target identification for target drug delivery.

## VISION

To provide quality and evidence based educational approaches in order to enable students face emerging challenges in the profession of pharmacy.

## MISSION

To inculcate professional competence by providing students with the best possible curricular facilities in order to contribute to the health of local and Global communities.

## ABOUT THE COLLEGE

P. Rami Reddy Memorial College of Pharmacy was established in the year 1997 by Sree Saraswathi Educational Society at Kadapa. Our college is one of the premier institute in pharmaceutical education and research in the country. To encourage the talent from the rural areas we started the first pharmacy college as P. Rami Reddy Memorial College of Pharmacy in Rayalaseema region of Andhra Pradesh.

The B.Pharmacy course was started in the year 1997 with 60 admissions and raised the intake to 100 in 2014. Pharm.D and Pharm.D (PB) courses were introduced in the year 2008 and 2009 respectively. The M.Pharmacy course was started with Pharmacology (2010), **Pharmaceutics (2010)**, **Pharmaceutical Analysis (2011)** and **Pharmacognosy (2011)**.

## CHIEF PATRON

## A Five days Faculty Development Program on “Applications of Novel Drug Delivery System” (05.08.2019 to 09.08.2019)

FDP Convenor

Dr. B. Narasimha Rao

Organized By

P.RAMI REDDY MEMORIAL  
COLLEGE OF PHARMACY

Utukur, Kadapa - 516 003 A.P.

## **OBJECTIVES OF THE FDP**

The main objective of the program is to provide Practical knowledge on Novel Drug Delivery Systems with an attempt to transform the newer concepts of drug delivery systems into everyday lab practice.

## **WHO SHOULD ATTEND**

The FDP is open for the Faculty members, Research Scholars and Industrialists to enhance the quality of research in Pharmaceutical and interdisciplinary subject areas.

## **REGISTRATION**

**FREE Registration.**

## **CERTIFICATE ELIGIBILITY**

**Certificate will be provided to all participants who actively participate on all days of the FDP.**

## **ABOUT FACULTY DEVELOPMENT PROGRAM**

The scope of the Faculty Development Programme is to cover all stages of the innovation & entrepreneurship continuum, in accordance with the existing National Innovation and Start-up Policies potentially in view of the prevailing therapeutic/clinical needs in the pharmaceutical sector. The scope of the FDP is to promote, educate and support faculty members for potential careers at the convergence of basic and translational research, cutting-edge therapeutic delivery, science and emerging medical device technologies. Further, recent developments in novel drug delivery system will enlighten the participants knowledge.

**Date:** 10.08.2019

## PROGRAMME REPORT

**Name of the Programme:** A Five days Faculty Development Program on “Applications of Novel Drug Delivery System”.

**Date:** 05.08.2019 to 09.08.2019

### **Objectives of the Programme:**

P.Rami Reddy Memorial College of Pharmacy had successfully organized A Five days Faculty Development Program on “Applications of Novel Drug Delivery System” in association with Sree Saraswathi Educational Society. The main objective of the program is to provide Practical knowledge on Novel Drug Delivery Systems with an attempt to transform the newer concepts of drug delivery systems into everyday lab practice. Novel drug delivery systems are most popular nowadays, due to the fact that changes in lifestyle and changes in patient population in the emerging and developing countries has changed the concept of drug delivery systems.

### **Topics Covered:**

- Introduction to novel drug delivery system
- Recent developments in novel drug delivery system
- Properties and method of preparation of phytosome
- Properties and method of preparation of liposomes
- Properties and method of preparation of niosomes
- Properties and method of preparation of ethosomes

### **Outcome of the Programme:**

This FDP would bring experts in the above fields to showcase cutting edge technologies in the state-of-the-art of various multi-disciplinary areas using novel drug delivery system and their use with the knowledge of various challenges being faced by researchers from bringing the recent development from lab top real world adaptability. The objective of this course is to provide a platform to gather, provide clear cut ideas regarding various recent developments in enhancing of pharmacological activity, Enhancement of stability, Improving tissue macrophages distribution, and Sustained delivery, Protection from physical and chemical degradation. The program will also motivate research ideas with practical applications by the experts in this field of research.

## PROGRAMME REPORT

**Name of the Programme:** A One day training programme on "Handling of Laboratory Instruments and Equipments".

**Date:** 05.12.2019

### **Objectives of the Programme:**

P. Rami Reddy Memorial College of Pharmacy had successfully organized A One day training programme on "**Handling of Laboratory Instruments and Equipments**" in association with Sree Saraswathi Educational Society. The main objective of the program is to improve the handling of laboratory instruments and equipments safely and with the ease to handle.

### **Topics Covered:**

- Teach participants how to safely operate and use laboratory equipment.
- Familiarize participants with the different types of laboratory equipment and their uses.
- Trained participants on the proper maintenance and care of laboratory equipment.
- Helped participants develop good safety practices in the laboratory.
- Provided participants with the knowledge and skills they need to conduct safe and effective laboratory experiments.

### **Outcome of the Programme:**

An open feedback has been collected from the participants and they satisfied with the training programme. The programme enhanced ability to troubleshoot problems with laboratory equipments. The training program included the hands-on exercise where participants have the opportunity to practice operating laboratory equipment under the supervision of an instructor. Overall the outcomes of a training program on "Handling of Laboratory Instruments and Equipments" can be significant for both the individual and the laboratory as a whole. By increasing knowledge, skills, and awareness, the training can help to prevent accidents, injuries, and environmental damage.
