## **REPORT**

Program title : Role of AI Tools in Profile Building and Databases used in  
Research Writing

Date : 12.10.2022 To 13.10.2022

Time : 11.00 AM to 1.00 PM

### **Resource person details**

Name of speaker : Dr. J. Suma Latha

Designation : Associate Professor

Place : P. Rami Reddy Memorial College of Pharmacy College,  
Kadapa.

Contact details : 9989625555

The workshop aimed to provide participants with insights into how artificial intelligence tools can enhance profile building and aid in utilizing databases effectively for research writing.

#### **Day 1: Role of AI Tools in Profile Building**

##### **➤ Introduction to AI Tools**

Overview of artificial intelligence and its applications in various fields.

The importance of AI in modern research and academic pursuits was discussed.

##### **➤ Profile Building with AI**

Participants learned how AI tools can assist in creating and enhancing professional profiles. The session covered techniques to optimize LinkedIn profiles, research gateways, and personal websites using AI-driven strategies.

##### **➤ AI-Powered Skill Enhancement This session**

focused on AI tools that can aid in developing and showcasing skills relevant to research and academia.

##### **➤ Interactive Workshop**

In this hands-on workshop, participants had the opportunity to work with AI tools to improve their profiles.

#### **Day 2: Databases used in Research Writing**

##### **➤ Introduction to Research Databases**

The second day commenced with an overview of research databases and their significance in academic writing.

### ➤ Efficient Database Navigation

This session delved into advanced search strategies and techniques for efficiently navigating research databases. Participants discovered how AI-driven algorithms can help refine search queries and yield more relevant results.

### ➤ Citation Management Tools

An exploration of AI-powered citation management tools took place, providing insights into how these tools can streamline the process of collecting, organizing, and citing research sources.

### ➤ Research Database Workshop

In this practical workshop, participants gained hands-on experience using AI tools to search, filter, and manage research databases effectively.

### Conclusion:

The two-day workshop on the "Role of AI Tools in Profile Building and Databases used in Research Writing" provided participants with valuable insights and practical skills. They learned to harness the power of AI to enhance their professional profiles and optimize their research endeavors.

The success of the workshop highlighted the growing importance of AI in academic and research settings. Participants left with a deeper understanding of AI tools and their potential to revolutionize profile building and research writing through efficient database utilization.

### REPORT

Program title : **Usage of MS WORD, PPT, and EXCEL on the fields of pharmacy Practice and Research.**

Date : 28.01.2020 To 29.01.2020

Time : 10.00 AM to 1.00 PM

#### **Resource person details**

Name of speaker : Dr. C. Rajaram

Designation : Professor

Place : P. Rami Reddy memorial college of Pharmacy College, Kadapa.

Contact details : 8019504202

The session focused on demonstrating the practical applications of Microsoft Word, PowerPoint, and Excel in the fields of pharmacy and research. The aim was to equip participants with essential skills that can enhance their work efficiency, data analysis, and presentation abilities in these domains.

#### **1. Applications of MS Word in Pharmacy and Research:**

The presenter discussed how MS Word can be used for documentation, report writing, and paper publication. Examples were provided on how pharmacists and researchers use MS Word to create research papers, patient information leaflets, and case study reports.

#### **2. Applications of MS Excel in Pharmacy and Research:**

The versatility of MS Excel in data management and analysis was explained. The session covered tasks such as drug inventory tracking, data visualization, statistical analysis, and creating graphs for research presentations.

#### **3. Applications of MS PowerPoint in Pharmacy and Research:**

The use of MS PowerPoint for creating visually appealing and informative presentations was explored. Examples included research conference presentations, educational lectures, and pharmaceutical product training sessions.

#### **4. Hands-on Exercises:**

Participants were guided through hands-on exercises tailored to each application. They practiced formatting a research paper in MS Word, creating a drug inventory spreadsheet in MS Excel, and designing a research presentation slide in MS PowerPoint.

### Question & Answer Session:

Participants engaged in a question and answer session, clarifying doubts and seeking guidance on specific scenarios related to their pharmacy and research projects.

### Conclusion:

The session successfully conveyed the significance of MS Word, Excel, and PowerPoint in pharmacy and research settings. By providing hands-on experience and real-world examples, participants were empowered to harness these tools effectively. The newfound skills will undoubtedly contribute to their success in academia and the professional world.

The session aimed to enhance students' digital literacy in the context of pharmacy practice.

The event covered various essential aspects:

- **Introduction to ICT in Pharmacy:** Gain insights into the role of ICT in modern pharmacy practice and its impact on patient care, record-keeping, and research.
- **Basic Computing Skills:** Learn fundamental computer operations, file management, and keyboard shortcuts to enhance your efficiency when using digital tools.
- **Data Analysis for Pharmacy:** Understand how to collect, organize, and analyze data using spreadsheet software. Explore data visualization techniques for effective communication of results.
- **Pharmacy Software and Tools:** Get hands-on experience with pharmacy-specific software used for medication management, drug interactions, and patient counseling.
- **Digital Communication in Healthcare:** Learn effective communication strategies using email, messaging apps, and telemedicine platforms to connect with patients and healthcare professionals.
- **Interactive Workshops:** Engage in interactive group activities and exercises that will help you apply the concepts you've learned in real-world scenarios.

#### **Question & Answer Session:**

An opportunity to clarify doubts and seek guidance from experienced professionals in the field. The workshop equipped students with skills vital for modern pharmacy practice and their professional growth. The event's success was evident in the active participation and positive feedback from attendees.
